

# The countries which make up the United Kingdom are England, Ireland, Scotland and Wales.

Key vocabulary:

City: an inhabited place of greater size, population, or importance than a town or village

County: one of several sections into which a country is divided.

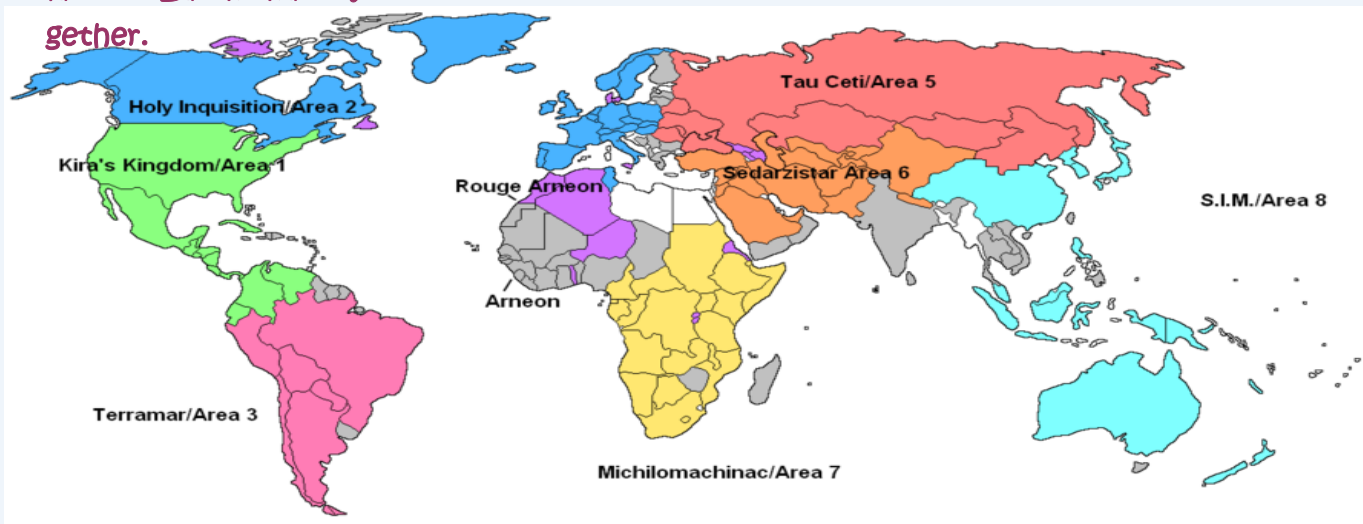

Country: a nation with its own government, occupying a particular territory.

Continent: a large area of the land on Earth that is joined together.

How many places can you identify?

Where have you been?

Remember to send us a postcard!

The world is split up into 7 continents, Europe (where Great Britain is) Africa, North America, South America, Asia, Antarctica and Australasia.

*Wish you were here!*

How many countries can you name? How many have you visited?
